# Judy DeWeese Scholarship

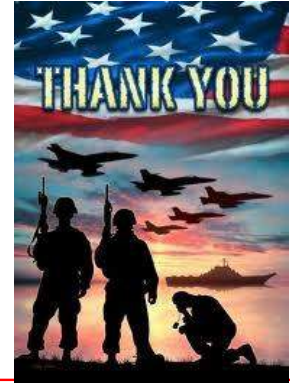

The San Antonio Chapter of NAWIC is proud to announce we are accepting applicants for the Judy DeWeese Scholarship. Scholarships are awarded twice a year. Please see the criteria and application form below. We welcome and encourage applications from all individuals interested in the construction industry, especially high school seniors who are enrolling in construction education this fall. Encourage construction industry students to apply for these scholarships.

## **Deadlines:**

**June 30, 2018** - Fall Semester 2018 - Deadline has been extended

**November 20, 2018** - Spring Semester 2019

Guidelines/Application available at: [nawicsatx.org](http://nawicsatx.org)

## **Scholarship Eligibility Requirements:**

### Current College Students

- A minimum of a 3.0 grade average on a 4.0 grading system at current education level.
- Full-time student taking a minimum of 12 hours in semester for which you are applying.
- Construction-related field, major or certification program.
- Must be currently attending a state accredited Texas institution.
- Personal interview may be requested as deemed necessary by the scholarship committee.

### High School Seniors

- A minimum of a 3.0 grade average on a 4.0 grading system at current education level.
- Acceptance and enrollment in a state accredited Texas institution.
- Awards to High School Seniors may be made prior to notice of acceptance by a state accredited Texas institution. However, all awards to High School Seniors are subject to and contingent upon providing the scholarship administrator with proof of enrollment in a construction-related field, major or certification program at a state accredited Texas institution.

# Scholarship Recipients!

# Vanessa Miller

## Rogers-O'Brien CONSTRUCTION

Vanessa was born and raised in San Antonio. She graduated with a Bachelors in Architecture and Construction Science Management from UTSA. Go Birds. Vanessa is a Virtual Design and Construction Specialist at Rogers – O'Brien Construction. If you have any questions about BIM or Virtual Design please ask.

She loves traveling with her friends and family to see architecture and art all over the world. Vanessa also loves hiking and biking all over Texas and always has a Texas State Parks Pass. This April she visited Seminole Canyon in West Texas to see the historic rock art.

Vanessa is excited to be a part of NAWIC and was a scholarship recipient while completing her construction management degree. She is very excited to be able to give back and support current students pursuing a degree in construction.

She is interested in construction technology, Rogers – O'Brien has given her an opportunity to research and develop new ways to make the construction process faster and more efficient using the latest technologies. Including digitizing workflows to create a paperless jobsite where digital updates are always maintained to provide the site with accurate and up to date information. Rogers – O'Brien is currently featured on Apple's website for their use of iPad's in the field.

# Samantha Paul

Hi there! My name is Samantha Paul and I currently work for Central Builders, Inc. where I have been for almost a year now. I was originally born and raised in Houston, Go Astros! I attended my first few semesters here in San Antonio at UTSA then transferred over to Texas State University in San Marcos. While at Texas State, I joined the sisterhood of Gamma Phi Beta and graduated with a Bachelor of Arts in International Studies.

Since joining the team at Central Builders, I've learned much more than I thought possible in the construction industry. I am a part of the AR and AP departments, as well as assisting Project Managers on projects and everything in between. I am really looking forward to learning and growing with Central Builders in the years to come as well as meeting fellow women in this industry!

# Irene Arroyo

My name is Irene Arroyo I was born and raised in Jersey City, NJ. Prior to my relocating to San Antonio 5 years ago, I lived in Phoenix Arizona where I obtained my Bachelor's Degree in Accounting from the University of Phoenix.

Since then I have completed a Master's Degree in Business Administration with a Concentration in Finance from the University of Phoenix as well. I plan to continue my education with a Certification in Construction Industry Finance Professionals, Certification in Management Accounting, and a Certification in Public Accounting.

I have been progressively working in the construction industry for over 20 years. I currently hold the position of Controller for a 72 year well established Concrete Construction Company (R.W. Jones & Sons, Inc) located in downtown San Antonio, TX. I am excited to be a part of a great team of professionals. When I am not at work, I enjoy spending time with my 6 year old daughter Kristal.

**Sundt/Davila will host an outreach event for subcontractors that are interested in bidding work for Phase 1.2 of the San Pedro Creek project. There will have a presentation to cover the following information:**

**San Pedro Creek Culture Park Project Overview, contract opportunities, prequalification, and best value criteria. All subcontractors are welcome, but we will have an emphasis on attracting subcontractors that are part of the SMWBE and SBEDA programs. Please forward the information to subcontractors in your network that would be interested in attending. Thank you.**

## SUNDT/DAVILA INVITES YOU!
